Best Paseo del Mar Units

This is a great pair of commercial units in Huacas. Both Units are currently rented out to a boutique restaurant insuring rental income. They have main road frontage between Huacas and Brasilito. It is a very high traffic area with great exposure. These units are located in Paseo del Mar shopping center. The building received a design award. It is one of the most well know buildings in the area due to having ICE telephone as a renter in the shopping center. There are other businesses as well that attract a wide range of shoppers.
